## **D   IRS FATCA Form 8938**

- 1 Required to be filed by the Taxpayer with Foreign Financial Assets exceeding limits prescribed by the IRS.
- 2 If applicable, FATCA Form 8938 (without password) needs to accompany your 1040 Tax Return. You may need and agree to request us for tax return filing your tax return extension paying our extra fees for extensions, and contact us on or after June 1 for finalizing efile of your tax return and FATCA. Alternatively, please file your own extension/s, and contact us on or around June 1 for your final tax returns and when we can also efile your FATCA at that time for an additional FATCA upload fee of \$35. One more alternative is to file an Amendment Tax Return 1040-X after the main tax return 1040 has been efiled. In short, during the peak tax season up to April 15, we request you put your FATCA EFiling request to us on hold and so also Efile of your final income tax returns.

The current alternative procedure is the client to mail to the IRS the FATCA 8938 along with the Federal EFile Form 8938 after they are notified by our office that efile of your Federal tax return has been accepted by the IRS. This alternative is without any fee expense to the client but may not be approved by the IRS.
